

Rishi Mediseti

Tampa, FL | rishibhargav.m@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Data Engineer and AI Professional with 3+ years of experience bridging Data Engineering, AI, and Analytics. Specialized in architecting scalable ETL pipelines (Ab Initio, GCP), building Agentic AI systems (RAG, LLMs), and driving business insights (Tableau, Power BI, SQL). Proven track record of migrating enterprise-scale legacy systems and delivering full-stack AI solutions that improve operational efficiency and decision-making.

SKILLS

Data Engineering: Ab Initio, ETL/ELT, Data Modeling, Data Warehousing, Snowflake, Google Cloud Platform (GCP), Amazon Web Services (AWS), Microsoft Azure, SSIS, SSRS

Machine Learning & AI: Scikit-learn, PyTorch, TensorFlow, Large Language Models (LLMs), RAG, LangChain, Transformers, Computer Vision, Natural Language Processing (NLP), Vector Databases (ChromaDB, pgvector)

Data Analysis & Visualization: Tableau, Power BI, Excel, R (RStudio), Pandas, NumPy, Statistical Modeling

Programming & Databases: Python, SQL, Linux/UNIX, C#, Django, Oracle, IBM Netezza, PostgreSQL, MongoDB

Developer Tools: Docker, Jenkins, Git, Control-M, JIRA

Business Analysis: Requirements documentation, process modeling, workflow analysis, user stories

PROFESSIONAL EXPERIENCE

Research Assistant – University of South Florida, Tampa, FL

Jan 2025 – Present

Skills: Python, Django, Microsoft Azure, REST APIs, RAG, OpenAI API, ChromaDB, Docker, AWS ECS, Power BI, Tableau

- Automated ~70% of manual student-engagement and course-operations workflows by developing Project CRAFT, a Python/Django application on Azure integrated with Canvas LMS REST APIs
- Centralized 10 years of admissions data by building a Power BI Executive MBA dashboard tracking ~300 applicants
- Delivered personalized, healthy meal suggestions to 100+ users by building a Python recommender over 5,000+ recipes that pairs a rule-based engine with a RAG assistant (ChromaDB, OpenAI)
- Trained 700+ students on Tableau, MS Office, and analytics, improving on-time project submission rates

Data Engineer – Infosys, Hyderabad, India

Jan 2021 – May 2024

Skills: Ab Initio, SQL, Oracle, IBM Netezza, GCP, Linux/UNIX, Control-M, Jenkins, Data Modeling, Data Masking, Data Lineage

- Accelerated reporting by 60% by designing Ab Initio ETL pipelines that process 40M+ records for downstream BI
- Boosted data retrieval efficiency by 20% through SQL tuning and indexing while migrating 50M+ records from Oracle and Netezza to Google Cloud Platform (GCP) with 100% data integrity
- Safeguarded ~\$45M in financial risk on a \$13M GDPR compliance initiative by aligning legal and technical teams to implement data masking and lineage controls
- Saved 8 hours/week by modeling Oracle/Netezza data for 98% of the UK population, automating weekly refreshes

Barista – Starbucks, University of South Florida, Tampa, FL

Sep 2024 – Dec 2024

Skills: Customer Service, Communication, Teamwork, Working Under Pressure, Multitasking

- Served customers in a fast-paced campus café, coordinating with teammates during peak hours

PROJECTS

- USF Concierge Multi-Agent RAG System (GenAI, Supabase pgvector)** – Streamlined student onboarding with a multi-agent assistant that executes secure, human-verified Gmail and Calendar actions, protected by row-level security
- Skeleton Action Recognition (Computer Vision, PyTorch)** – Achieved 78% accuracy on 3D skeleton gesture recognition for human-robot interaction by benchmarking ST-GCN, TCN, and Transformer models
- Emissions vs. Asthma Public Health Analysis (Tableau, Statistical Analysis)** – Identified links between emissions and state-level asthma disparities by normalizing EPA/CDC data into interactive Tableau density maps
- NYC Motor Vehicle Collisions Analytics (ASP.NET Core, Azure)** – Provided secure, real-time public access to collision metrics through a scalable ASP.NET Core MVC application on Azure powered by live Data.gov APIs

EDUCATION & CERTIFICATIONS

University of South Florida, Tampa, FL

Aug 2024 – May 2026

Master of Science in Artificial Intelligence and Business Analytics

GPA: 4.0/4.0

Honors: Beta Gamma Sigma Honor Society

Jawaharlal Nehru Technological University, Hyderabad, India

Jul 2016 – Sep 2020

Bachelor of Technology in Electronics and Communication Engineering

GPA: 3.72/4.0

Certifications: Snowflake SnowPro Associate (2025) | Google Certified Associate Cloud Engineer (2024)

AWARDS & ACCOMPLISHMENTS

- Infosys INSTA Award (4-time recipient) for consistent delivery excellence and exceeding expectations
- Volunteered with Metropolitan Ministries and at local thrift stores through USF spring break service programs
